

## ARCHITECTURAL EDUCATION PROGRAMME

During the exhibition **BETON** (20th of November 2021 to 24th of April 2022), the **S AM Swiss Architecture Museum** is launching a rich education programme for kindergartens, schools, universities, institutions and day centres. Dialogue-based guided tours and workshops within the current exhibition **BETON** are offered at the respective appropriate level, as well as Tandem guided tours in cooperation with **Kunsthalle Basel**. These can also be booked outside official opening hours, making it possible to have the unique experience of being alone in the museum. In addition, tours on foot or by bike are an invitation to make discoveries outdoors. Teachers are offered continuing education and training, so they can get to know the museum as an out-of-school education venue.

### IN THE MUSEUM

#### «CONCRETE – LABORATORY»

Vilified by some, adored by others – one thing is certain: concrete is everywhere. But what do we actually talk about when we talk about this material? We venture a closer look at what concrete is and has been, so as to start imagining what it still could be?

#### DIALOGUE-BASED GUIDED TOURS

DURATION: 60 minutes

Bookable time slots: Monday to Friday, 8 am – 12 noon | 1–5 pm

TARGET GROUP: All school levels, kindergartens and day centres

COST: CHF 150.–, Schools, kindergartens and day centres from BL/BS: Free

#### WORKSHOPS

DURATION: 90 or 120 minutes

Bookable time slots: Monday to Friday, between 8 and 11 am

TARGET GROUP: All school levels, kindergartens and day centres

COST: CHF 180.–, Schools, kindergartens and day centres from BL/BS: Free

#### CULTURE UNDER ONE ROOF – Tandem guided tours at S AM & Kunsthalle Basel

The **S AM Swiss Architecture Museum** and **Kunsthalle Basel** are connected not only by a shared roof, but also by their shared enthusiasm for art, culture and society. In this context, they combine contemporary artistic positions with current themes relating to architecture and urban development. On a joint tour, these synergies are made tangible and interfaces are laid out, while differences and significance to society are discussed. The tour is geared towards the respective school level, and supplemented with interactive and participatory elements. The pupils experience a lively exchange between two institutions while being encouraged to consider the two fields of art and architecture together, and to approach them in an interdisciplinary way.

#### TANDEM GUIDED TOURS

DURATION: 120 minutes

Bookable time slots: Monday to Friday, between 8 and 11 am

TARGET GROUP: All school levels, kindergartens and day centres

COST: CHF 150.–, Schools, kindergartens and day centres from BL/BS: Free

## DISCOVERY TOURS

### TOUR 1: ART IN THE PUBLIC SPACE

Art in the public space exists, moves, ceases to be and irritates. It is there in the form of discreet (but also loud and major) interventions. This tour makes the familiar appear in a new light, sharpens perception, and offers an invitation to wander the city with a different view and new perspectives.

DURATION: 90 minutes

Bookable time slots: Monday to Friday, 8 am - 12 noon | 1-5 pm

TARGET GROUP: All school levels, kindergartens and day centres

COST: CHF 180.-

Schools, kindergartens and day centres from BL/BS: Free

### BIKE TOURS for upper-secondary level

Explore the area by bike - experiencing architecture outdoors

DURATION: 120 minutes

Bookable time slots: Monday to Friday, 8 am - 12 noon | 1-5 pm

TARGET GROUP: From Upper-secondary level

COST: CHF 180.-

Schools from BL/BS: Free
