

To start on March 1, 2021,  
we are looking for an

**Intern  
Production and  
Mediation (100%)  
6 Months**

The S AM Swiss Architecture Museum is the leading institution for the mediation of contemporary architecture in Switzerland. The work of the S AM is rooted in an engagement with all parts of Switzerland and enjoys an international reputation. This internship provides hands-on experience in the various workflows associated with museum work and the possibility to help shape architectural discourse in a direct way.

In 2021, the S AM's major summer exhibition 'Access for All' (20 March - 15 August 2021) focuses on the theme of public space using case studies from the Brazilian metropolis of São Paulo. The exhibition features a special scenographic intervention that performatively demonstrates the concepts behind the show.

As part of the S AM Team, you will have an active role in producing and communicating the exhibition 'Access for All' along with its public programme. As an *exhibition expert* working on site in the museum, you will be visitors' first point of contact with the S AM and will be responsible for communicating the exhibition in German and English, preferably also in Portuguese. You will also help develop the educational offerings and public events to accompany the exhibition.

You will gain practical experience in the fields of exhibition production, cultural communication, museum pedagogy, and event organisation. At the same time, you will be able to experience the day-to-day operations of a museum - both in public-facing roles and as an insider behind the scenes - in the context of a unique exhibition project.

This internship is directed at, but is not limited to, students and recent bachelor's graduates in architecture, urban planning, and scenography. This internship is paid.

Requirements:

- X An interest in current debates in architecture and urbanism
- X An interest in museum work
- X Communicative, team-oriented personality
- X A passion for communication and exchange
- X Ability to work independently and proactively
- X Excellent language skills in German and English (Portuguese a plus)
- X Right to work in Switzerland

Do you think you would be a good fit? We look forward to receiving your application (CV and letter of motivation) by 5 February 2021 via email to Anne Schmidt-Pollitz at [jobs@sam-basel.org](mailto:jobs@sam-basel.org).
